IGP - VIN DE PAYS DU VAL DE LOIRE

White

Les Carisannes

by Hubert Brochard

Vineyard:

This small 5-hectare domain is farmed by three «Carisannes» sisters. The origin of this name comes from the family as it is a contraction of the first names of Hubert BROCHARD's three great-granddaughters: Caroline, Isabelle and Anne-Sophie. The vineyard is located in the commune of Bannay 10 km from our Chavignol cellars.

Variety:

100% Sauvignon Blanc.

Soil:

Chalk, clay and flint.

Age:

The first vines were planted in 1959.

Orientation:

South.

Vine cultivation:

We are working in conventional agriculture with bio-control; tilling, sodding, stripping, and individual fertilisation. We are also currently working to achieve HVE environmental certification (High Environmental Value) in order to give value to our commitment to respect the environment.

Harvesting:

According to weather conditions and health status, this starts in September or October. It is mechanised.

Winemaking:

Hand sorting on reception of the harvest and then mechanical destemming of the grapes. Slow pressing in pneumatic presses. Alcoholic fermentation at low temperature in temperature controlled stainless steel vats.

Tasting comments:

This wine with the very aromatic Sauvignon bouquet combines very expressive floral and fruity notes. It can be drunk happily as aperitif and goes perfectly with all fish-based seafood dishes, etc. It is an excellent inspiration for open-air picnics.

Storage:

To be drunk young, this white Sauvignon is a wine that can be stored for around 5 years. It is dry, very fruity and should be drunk chilled (10-12°C).
